

The refurbishment of all 53 building identification monuments on the Tampa campus has been completed.

The monuments were redone in order to make wayfinding easier and more accessible for pedestrians and drivers, day and night.

The renovations included sandblasting, repainting with vehicle paint for long-lasting effects, and applying new reflective vinyl lettering in a new font. The new font is more legible, and the reflective vinyl will help drivers find buildings when it's dark.

Updating university signage makes the campus look more cohesive and appealing to visitors and the USF community.

The project began in late 2021, and the work was completed by the USF Grounds team, specifically Arthur Elias, Eliezer Ayala, and Lawrence Mentis.

EMPLOYEE PROFILE

LENROY CURLING

SHIFT LEAD
BUILDING SERVICES

Lenroy Curling has worked in the Administrative Services for 18 years. He currently works as a Shift Lead for Building Services.

As a Shift Lead, Lenroy supports his supervisor's need and manages the servicing of floors, building on campus. Lenroy and his team provide custodial services for each building, including cleaning, mopping, waxing, and cleaning restrooms, conference room, break room, hallways, and of course a request desk.

His favorite part of working is being an OAS employee and his team's dynamic. The positive employees keep him motivated and happy on the job. Lenroy says the people he works with are like family and everyone

looks out for each other.

Lenroy was born in Jamaica and moved to Baltimore, Maryland when he was 16. He worked in security and law enforcement while living in Maryland. Lenroy also resided in Arlington, Texas for a year. In Texas, he gained some experience in custodial services while working for Arlington Memorial Hospital.

Outside of work, Lenroy can be found in his garden growing anything from peppers, potatoes, and tomatoes to garbanzo beans and okra. He loves watching American Sniper or Equalizer, and cars, like American Dad. He also loves reggae and music. Lenroy has lived in Tampa since 2004, and while he still cooks at home, his

USF PRESIDENT LAW SET TO TOUR OAS ON 7/13

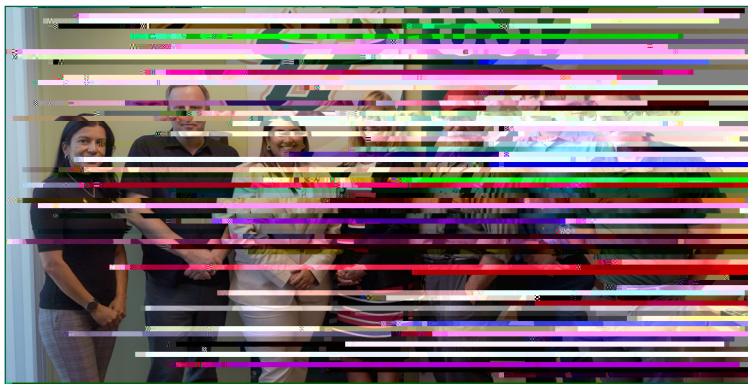

USF President Rhea Law will be touring different operational areas of Administrative Services on July 13. The tour will include visits to the post office, grounds, vehicle shop, central plant, building services, and SE plant. We are excited to welcome President Law and showcase how we impact lives every day by exceeding expectations and creating WOW moments!

PILLAR AMBASSADOR UPDATE

On June 29, the Pillar Ambassadors presented to VP Post on the work they've been doing to enhance the service philosophy program as well as discuss new initiatives they are proposing. With the beginning of the new fiscal year, the Pillar Ambassadors are now ready to be implementing changes and reigniting the program back to where it was before the pandemic. Some of these changes include:

- Reducing the number of town halls to two per year
- Restructuring the Excellence Awards to be bi-annual instead of quarterly and putting an updated scoring method in place
- Implementing additional recognition and rewards programs

In the spirit of transparency, the Pillar Ambassadors will continue to provide updates on their work and welcome your feedback and/or ideas. To contact the pillar ambassadors, email OASpillars@usf.edu or speak to an ambassador below.
