# BULLS FAMILY FEST

On Saturday, March 2nd, the University of South Florida welcomed thousands of Tampa Bay community members to the first-ever Bulls Family Fest, a program designed to get kids interested in higher education at a young age. From educational and cultural activities to sports and entertainment, the free event provided a taste of the many opportunities available at USF and within the local community.

Over 100 exhibitors participated in the festival, including representatives from OAS Emergency Management (EM), USF colleges, student organizations, local businesses, and community organizations. Before the festival, hundreds of runners hit the pavement for the inaugural Rocky's Run 5k, including EM Director Grant Gundle. The event also featured a mascot race with USF's Rocky the Bull and several other local favorites, such as Thunderbug from the Tampa Bay Lightning, with USF President Rhea Law serving as emcee.
