

# 2024 ELECTROSTIMULATION CONFERENCE

2024  
 The conference will be held at the University of South Florida, Tampa, Florida, from December 15-17, 2023. The conference is a must-attend event for researchers and clinicians in the field of electrostimulation. The program includes keynote presentations, oral presentations, poster presentations, and a networking dinner. The conference is organized by the International Society for Neurostimulation (ISN) and the International Society for Brain Stimulation (ISBS). The conference is a great opportunity to learn from leading experts in the field and to network with colleagues. The conference is a must-attend event for anyone interested in electrostimulation.

**SPECIAL GUEST SPEAKER**

**Stephanie Greenspan, DPT,**  
 board specialties in orthopedic  
 and neurologic physical therapy.

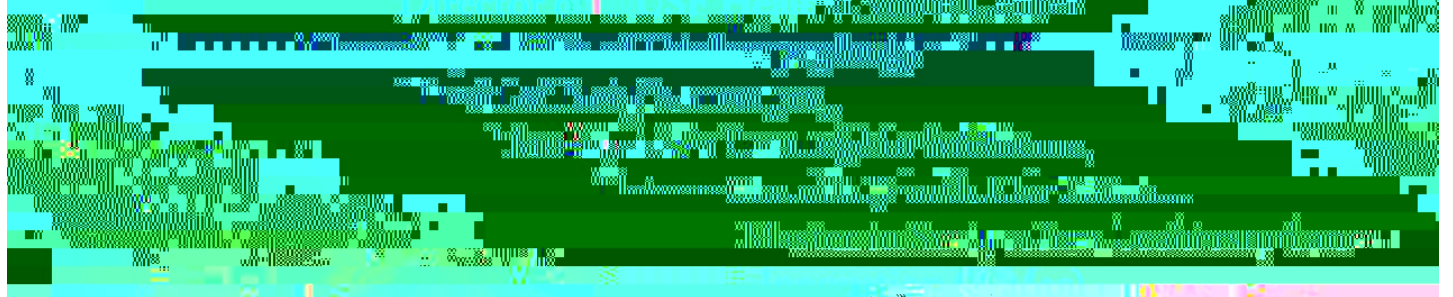

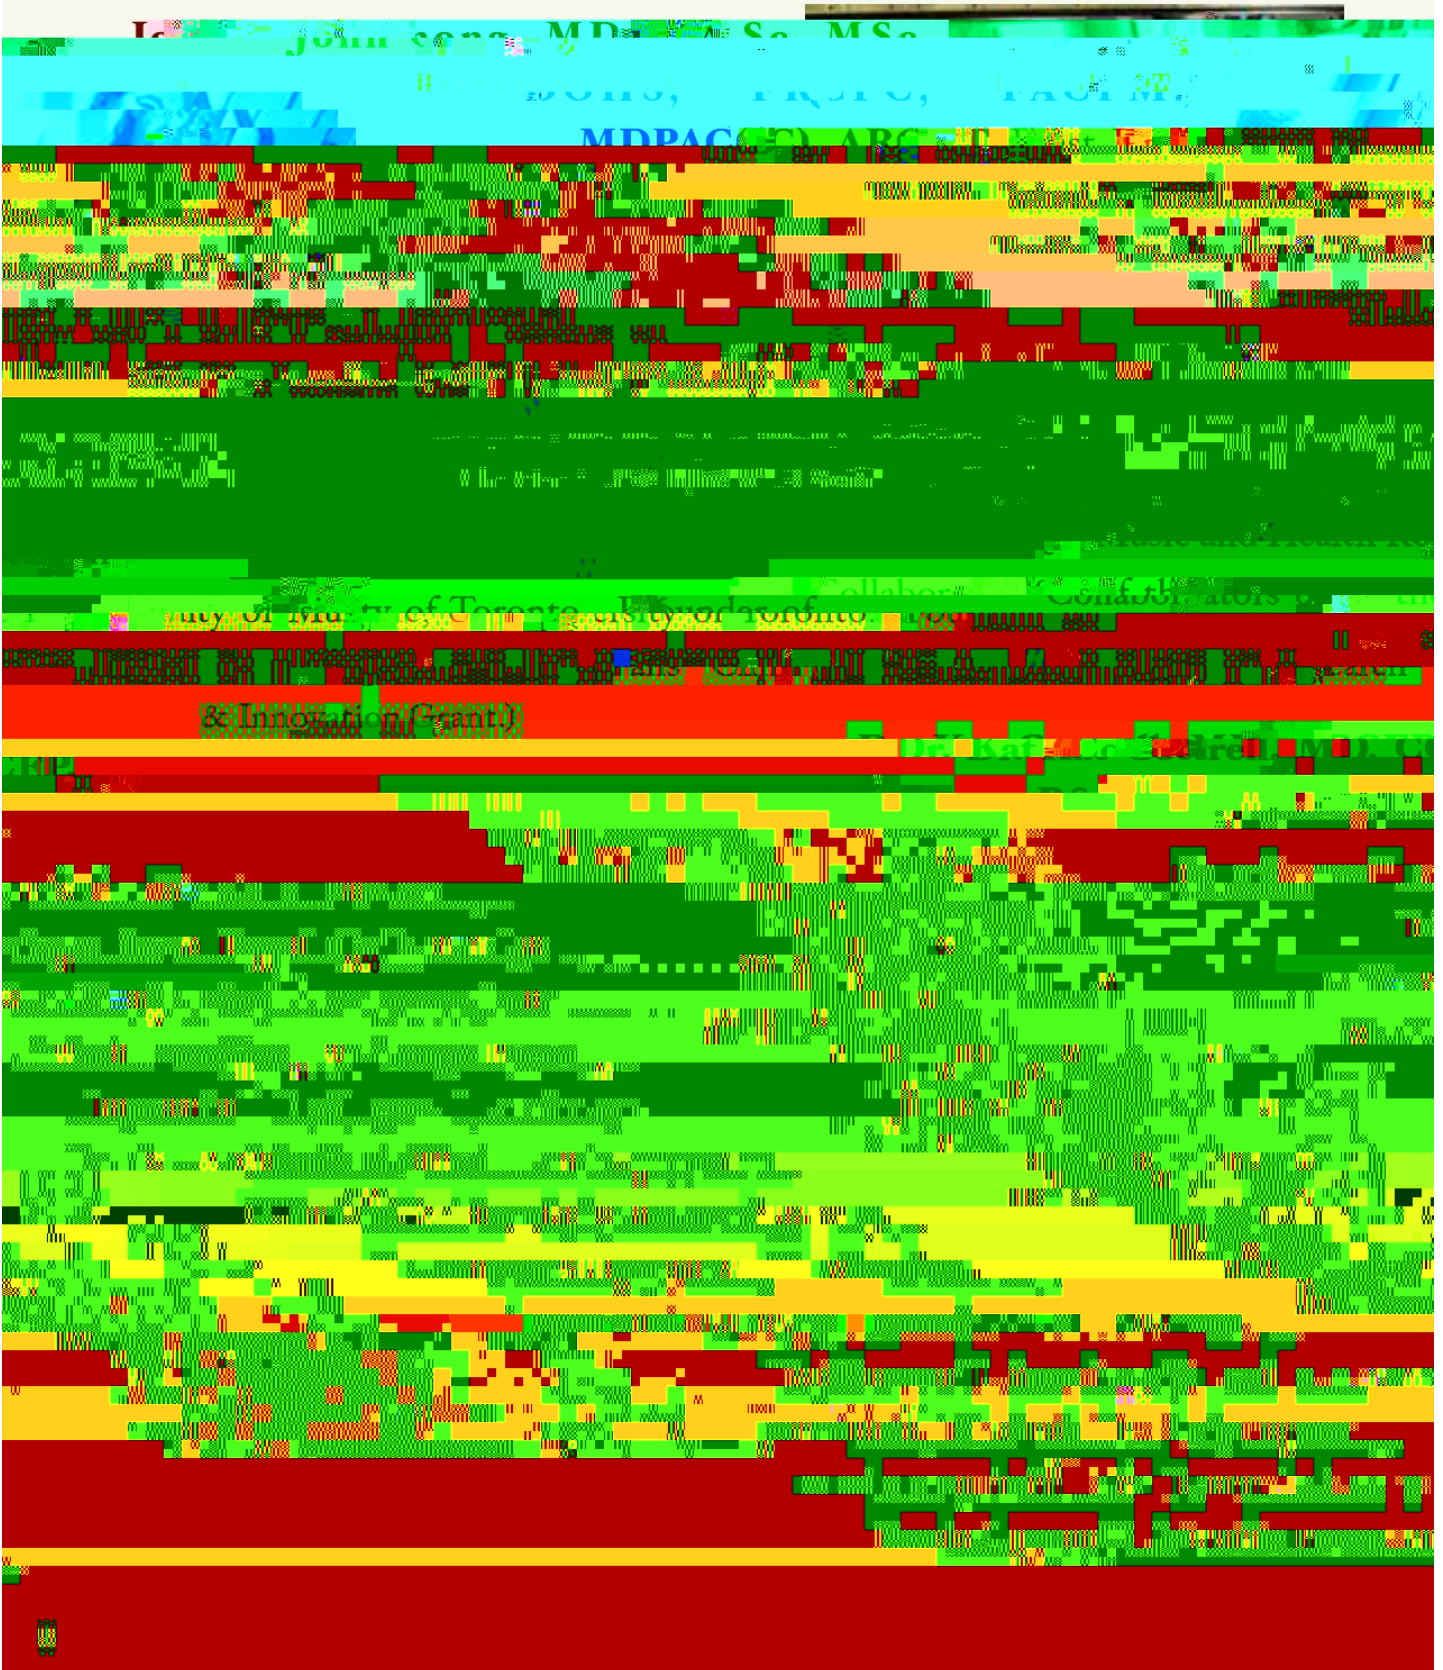

**Institute for Research on Cerebral Palsy**

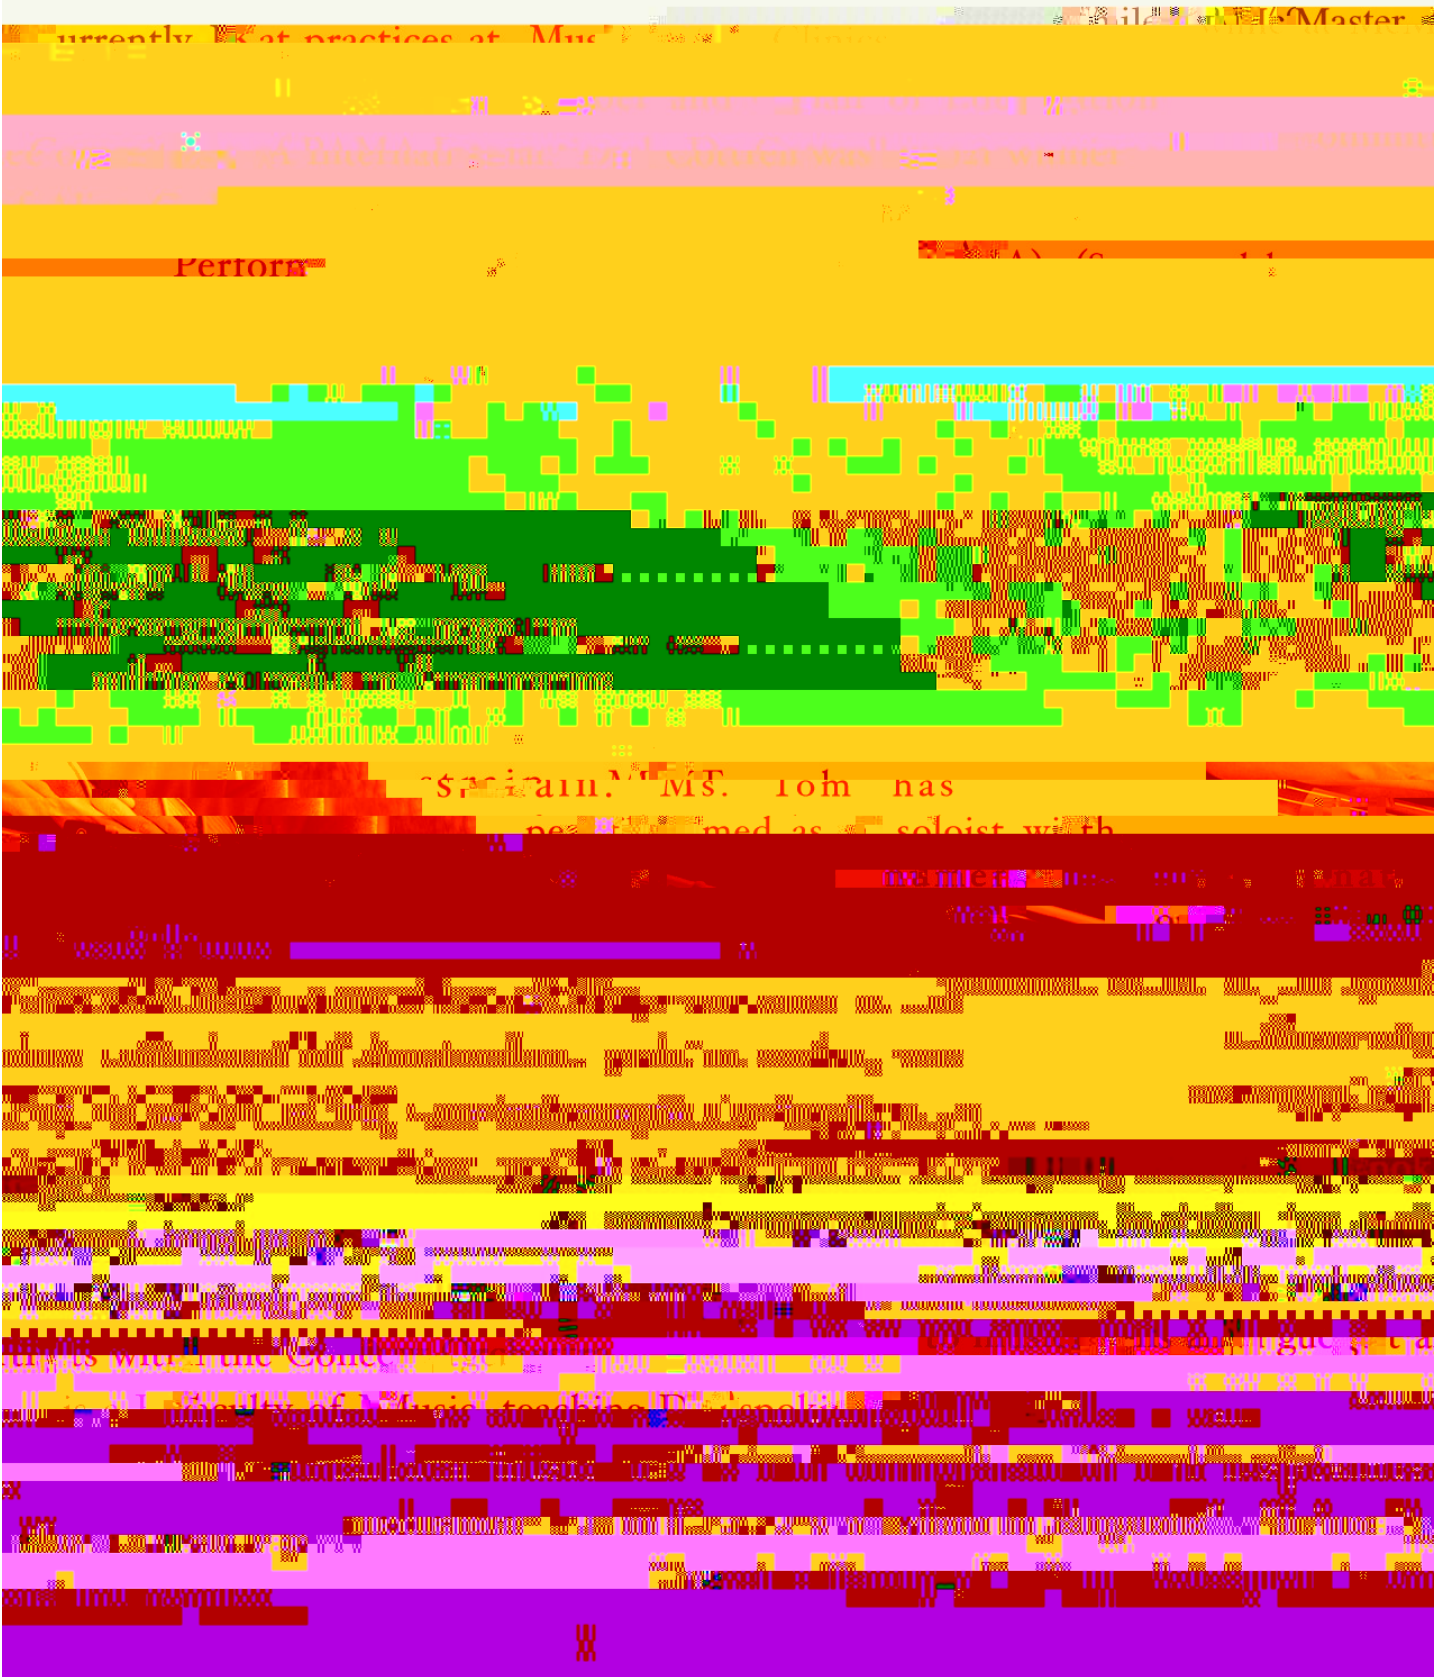

**University of Oklahoma**

**Assistant Professor**  
 Chief of Physicals of University of Oklahoma

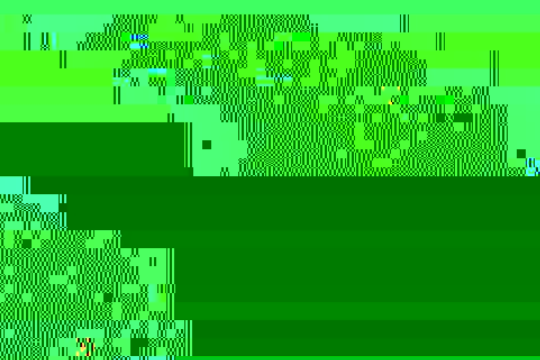

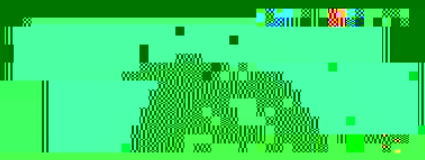

# We Are Making Progress...

"We recently held the Conference on Planning & from Office of Diversity, Inclusion & Equity. The information will be used to help us continue to improve our services and support our patients and staff."

## WE ARE MAKING PROGRESS... (Collaborative Research Excellence)

USF PAMC is proud to announce the launch of our new research center, the Center for Collaborative Research Excellence. This center will focus on advancing our research efforts and fostering collaboration between our researchers and other experts in the field. We are excited to see the progress we are making and the impact we will have on our community.

# WELCOME TO THE NEW WEBSITE

The new website is designed to provide a more user-friendly and accessible experience for our audience. We have updated the layout, navigation, and content to ensure that our information is easy to find and understand.

We are excited to share this new look with you and hope you will find it helpful and informative. Please take a moment to explore the new features and let us know what you think.

Thank you for your continued support and interest in our work. We look forward to serving you better than ever.

Sincerely,  
 [Name]  
 [Title]

She subsequently completed her postdoctoral fellowship at the University of Michigan (voice, airway and swallowing disorders).

a prior focus on hearing in speech pathology and

It has led her to her passion

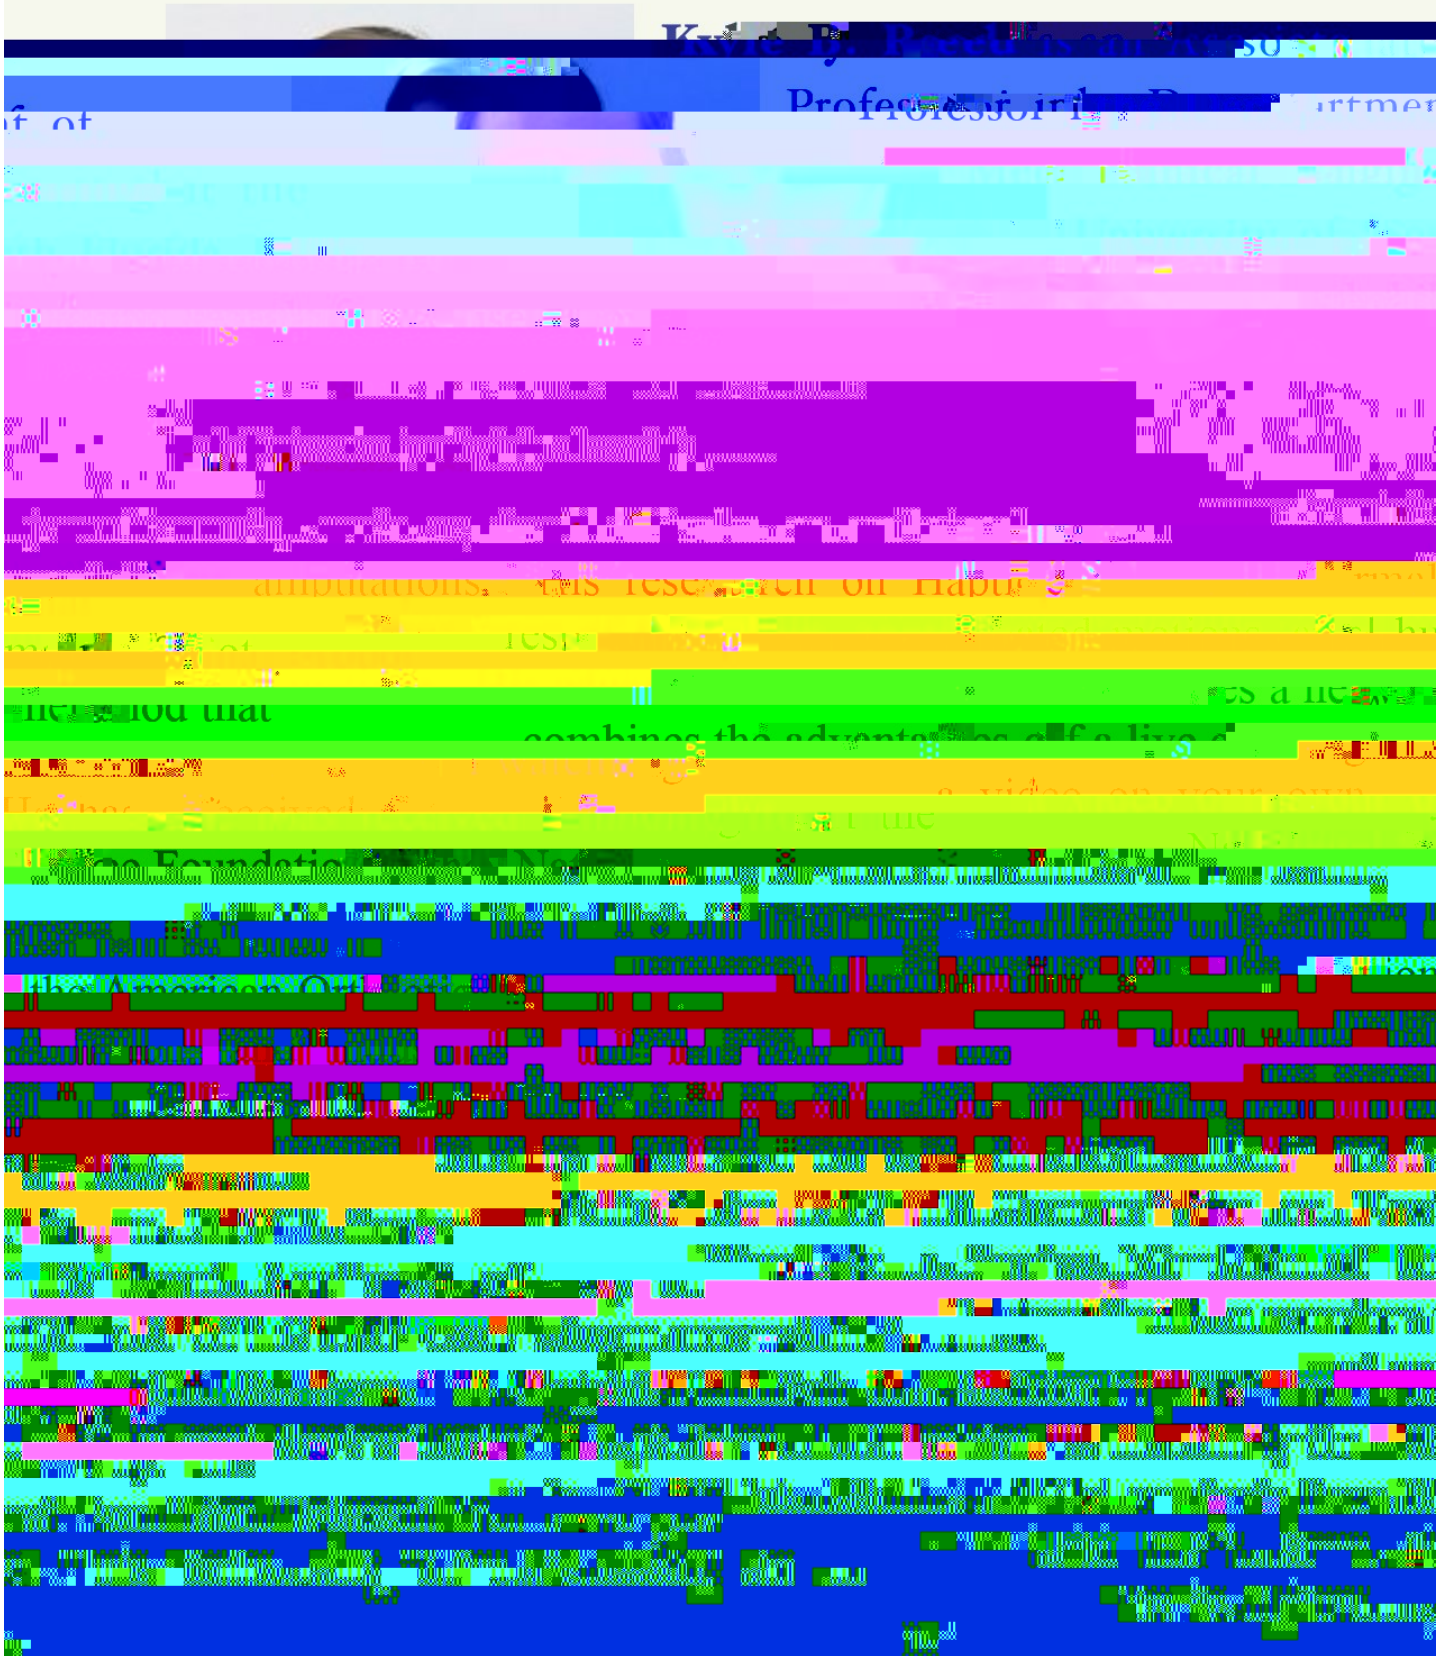

of hearing in speech pathology and swallowing disorders.
