

Framing Frameworks: A Case Study Evaluation of Teens In Action Workshops

Implications for Diverse Dissemination

Presented by: Elizabeth Dunn-Gader, B.A.

Mariana Stavig, B.A.

Community Partner: Frameworks of Tampa Bay

Academic Mentor: Dr. Tom Massey

Presentation Objectives Roadmap

Background

Evaluation Questions

Discussion of Methods

Communication of Results

Implications

Key Terms

Social-Emotional Learning (SEL)

Evidence-Based Practice

Practice Based Evidence

Service learning

Case Study

Diverse Dissemination

Mission & Vision:

Teens In Action: A promising, Home-Grown SEL program

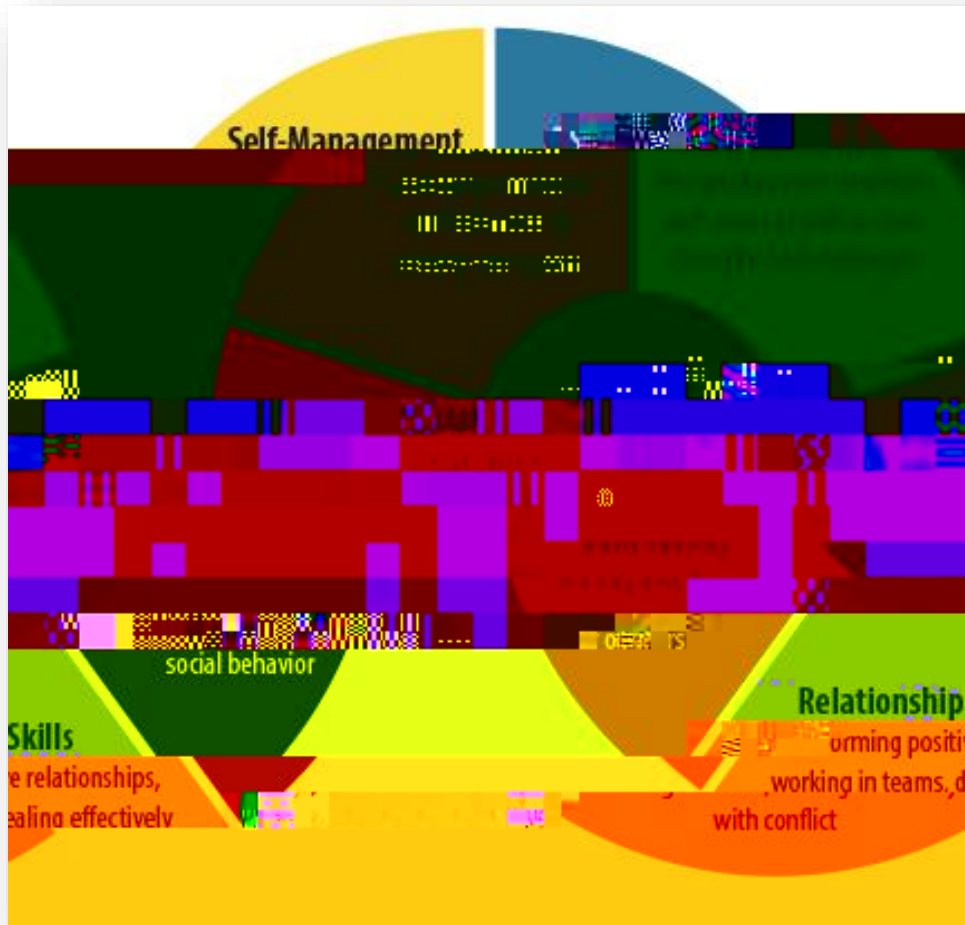

Service-Learning
Component
Workshops

2015-2016 Cohort:
70% Caucasian
Top 3 schools: Plant,
Robinson, Academy
of the Holy Names

The Workshop: Community-Building Structure

Goals of Evaluation

Support for attainment of
EBP Status

Dissemination of
TIA across
diverse Tampa
neighborhoods

Case Study Evaluation of TIA **Workshops**

Benefits of Case Study Approach

Multiple Data Sources

Triangulation!!!

Thick Description

Rich, insider understanding

Evaluation Process

-
dissemination in diverse contexts

Curriculum/Document Analysis

Curriculum Binder

Monthly Workshop Guides

Schedule

Materials Needed

1. Strips of paper

2. Scissors

3. Glue

4. Paper

5. Tape

6. Marker

Setup Preparation

1. Cut out a big circle

- flag
- fighter
- freeze

Breathing

TIA Leaders will read one of these three options to begin the EEI Community Building Series.

Focus Breathing #1

Strip paper

2. Cut out a big circle

Focus Breathing #2

Strip paper

2. Cut out a big circle

Focus Breathing #3

Strip paper

2. Cut out a big circle

Greeting/ Ice breaker

Observations

5 Workshops

Participant O

Observation Guide

Our Research Questions

1. What are the core components of the TIA workshops?
2. Is there consistency between the curriculum, socialization, and Estrova's personal perceptions of

Managing Stress

ment

(to):

/Notes:

Workshop 7: Successfully M

This Month's SEL Focus: Self-awareness, self-manage

Core Components (describe observations related t

1. Community Building: Structure, Breathing/commitments
2. SEL focus consistency
3. Leadership:
4. Service learning integration
5. Technology: Social media/networks

Interpersonal

1. Proxemics (physical group(s) composition

Notes:

SEL Focus

Environment/Class

Schools

Surveys

1. next month?

2. What

3. How

Not at all relevant 1 2 3 4 5 Very Relevant

Evaluation Questions 1, 2, & 3

Survey Samples and Coding Procedure

5 Workshops

[$n_1=36$; $n_2=34$; $n_3=28$; $n_4=29$; n

Focus Groups

5-7 Students per group

6 Focus Groups (2 leader groups, 4 participant groups)

Open ended discussion questions, including:

Do you apply the SEL skills you have learned outside of TIA?

What do you most look forward to/value regarding the monthly workshops?

If you are or were to become a leader, what suggestions might you have to improve the program?

Evaluation Question 1, 2, & 3

Key Personnel Interview

Lisa Rose: Program Manager

Key Points from Interviews:

Leadership Structure

Mutual Respect (The Facilitator role)

Testimonials

address people with memory loss and Alzheimer's Disease. Though not every visit contains conflict, when a conflict does arise [at At Home With Friends], I am able to employ Responsible Decision Making to put the

emotions and not let my emotions control me. TIA has also helped me

Evaluation Questions 1, 2, & 3

Evaluation Questions

1.

Core Component B: Leadership

1. Instructor that Embodies SEL Skills:

Willingness to be emotionally vulnerable; Demonstration of SEL Skills; Development of mutual respect

2. Leadership Program: Responsible for facilitating workshops; Service-Learning projects; Separate leader guide and meeting

3. Encouragement to be Leaders in their Communities: Opportunities/programs presented; Civic service; Peer groups

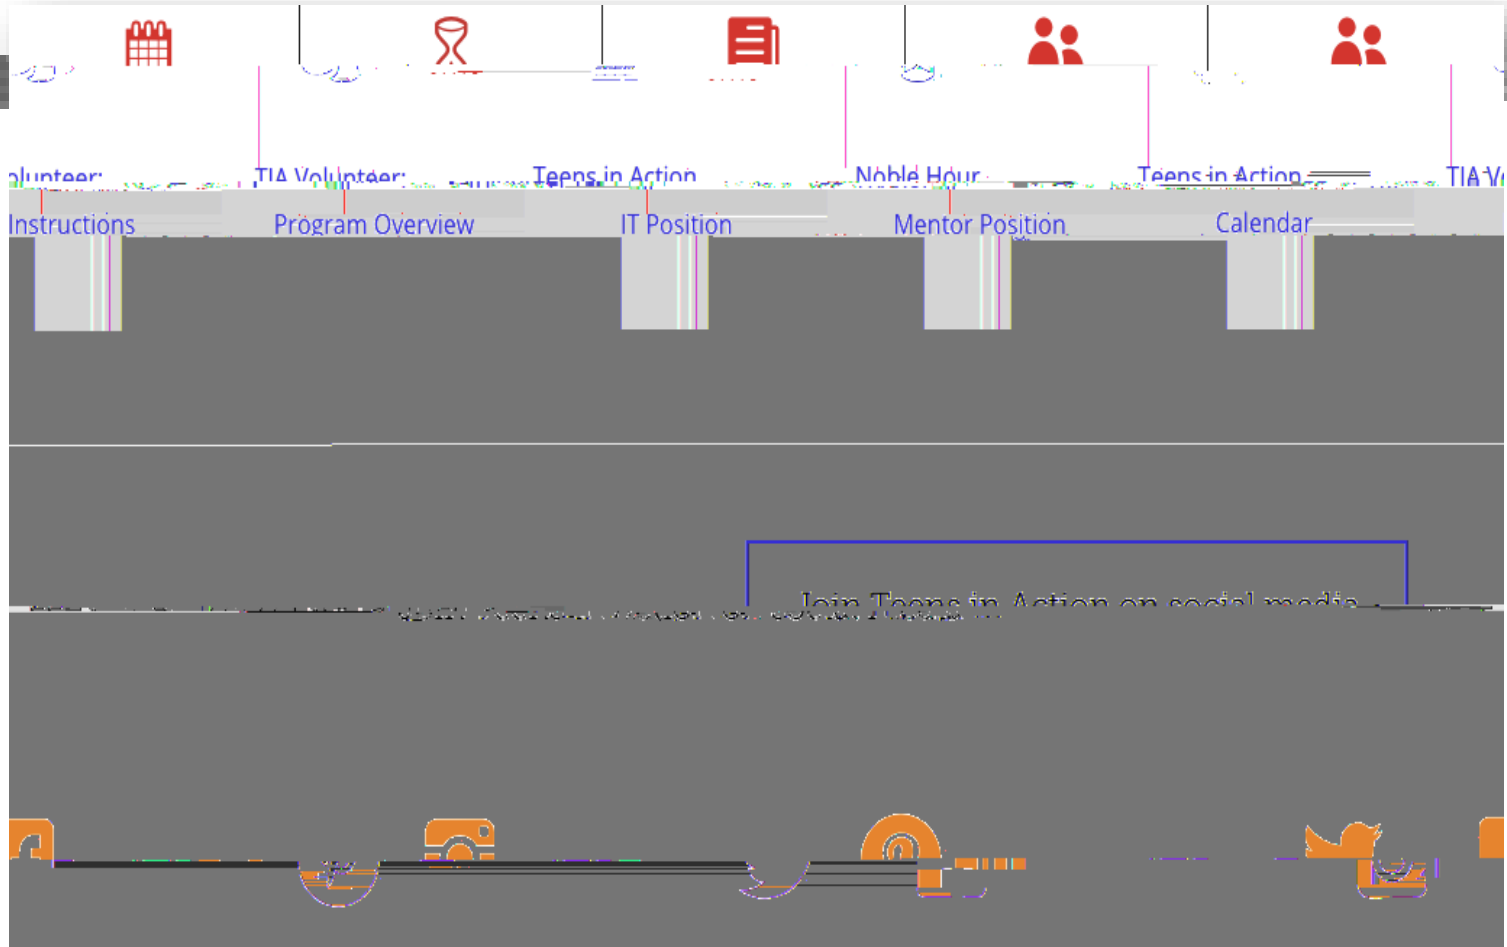

Data Sources: Observation

Core Component C: Discussion of Service-Learning Projects

- 1. Leadership through Service:** Teamwork; Group communication; Professional/personal development
- 2. Fundraising:** For community organizations and TIA; Discussion exercised via SEL brainstorming strategies
- 3. Workshops as Forum for Coordination and Planning:** Monthly gathering to troubleshoot and prepare (leader meetings); Logistics discussed outside of community setting
- 4. Technology:**

Core Component D: Community-Building Structure

- 1. Safe Space for Social-Emotional Development:** Comfortable environment for vulnerability; Kindness and acceptance are valued and promoted (i.e. compliments); Trickle-

Evaluation Question 2

Is there **consistency** between the curriculum, facilitation, and student perceptions, with regards to monthly workshop focuses?

Workshop Evaluation Model

- a. Identify Focus Competencies from Curriculum, and supporting activity
- b. Observation: engagement & understanding, activity demonstrably supports SEL goal
- c. Student Survey Results: Snapshot of student perception

Example Triangulation: Successfully Managing Stress

a. Curriculum

b. Observation

Identifying Themes

Evaluation Question 3

What is the cultural framework of implementation and what are its implications in terms of diverse dissemination?

Current Framework

Plant	7.3	18.48	
Robinson	14.78	21.26	

Growth of Framework(s)

Plant	7.3	18.48	
Robinson	14.78	21.26	
Leto	7.06		11.34
Middleton		18.53	19.6

-

Practice-Based Evidence vs. Evidence-Based Practice

Natural Tension: Practitioner and
Organizational; Research and Policy

Goals for evaluation

Benefits of Evaluator Immersion for
Diverse Dissemination

Future Implications: Teens in Action Growth

Longitudinal study

Internal evaluation tool/Structured guide:

Measurable Outcomes

Pilot study within target population

After-school or community settings to address cost and logistical issues

Measurable outcomes

Community partnership, buy-in, and sustainability

Implications: Adolescent Behavioral Health

Case study evaluation approach as a strategic tool to move from practice-based evidence to evidence-based practice
