3.8.5 TAB 5: STATEMENT OF THE PROBLEM

Polk County, Florida is in the heart of central Florida between the metropolitan areas of

[The following area contains multiple horizontal lines, likely representing a table or a form with redacted content. The lines are mostly blank, with some faint markings and noise visible.]

and it is easy to understand why individuals affected by behavioral health disorders find themselves cycling through the criminal justice system.

The 2017 Sequential Intercept Model (SIM) is a framework for the criminal justice system that

provision of behavioral health services to individuals in Polk County. Some of these are:

Percentages/stats: According to Derek Zimmerman, Corizon Health Services Administrator for the PCSO jail, there are between 500-600 inmates who daily are administered psychotropic medication while in jail – this is between 12-16% of the total

jail population. According to screenings administered by health providers in Polk jails, approximately 60.5% of the population has a co-occurring disorder. The average length of stay in jail for the general population as a whole is 109 days.

Analysis of Factors: In October 2017 a data exchange was established between the

Polk County Sheriff's Office (PCSO) and Central Florida Behavioral Health Authority

DATA FOR INMATES KNOWN TO BEHAVIORAL HEALTH PROVIDERS

Fiscal Year	A	B	C	C/B	D	D/C	E	E/C	F	F/C
15/16	23,761	18,592	1,657	8.91%	272	16.42%	58	3.50%	11	0.66%
16/17	28,011	21,115	1,786	8.46%	264	14.78%	60	3.36%	7	0.39%
17/18*	12,163	10,673	761	7.13%	100	13.14%	26	3.42%	2	0.26%

*FY 17/18 does not report a full year of data. Information was to date as of November 2017.

The arrest frequency of clients known to the behavioral health system is illustrated below. For the most recently completed FY16/17, of these individuals known to the

Fiscal Year	Arrest Frequency	Individuals Arrested
15/16	1	1,212
	2	332
	3	88
	4	21
	5	3
	6	1
16/17	1	1,226
	2	403
	3	108
	4	30
	5	10
	6	5
	7	2
	8	1
	9	1

Below illustrates the High Needs High Utilizer's (HNHU) arrest frequency for FY16/17. Of the 60 HNHU's, 39 were arrested once and 21 were arrested two or more times.

16/17	1	39
	2	15
	3	5
	5	1

Of those arrested and known to BH providers, the following data illustrates those with CSU admissions in addition to arrests. During FY 16-17 nearly 19% had CSU admissions with an average of three (3) CSU admissions per person, per year.

Fiscal Year	B Total Arrested & Served Homeless	C Served Homeless	C/B Percent	D CSU- unique	D/B Percent	D(1) CSU	D(2) CSU non- unique

Fiscal Year	B Total Arrested & Served by BH	E DTX- unique admits	E/B Percent	E(1) DTX Beddays	E(2) DTX non- unique admits	F Total Acute Care Admits	G Co- Occurring
15/16	1,657	224	13.52%	2000	624	514	24

- Cathy Hatch, Community Health Care Planner, Polk County BoCC
- Andrea Clontz, CareScope Project Supervisor, Polk County BoCC
- Kelvin Almestica, Financial Analyst , Polk County BoCC

3.8.6.3 STRATEGIC PLAN

Please see Attachment 5 for a copy of the 2017 Polk County SIM, the most recent Strategic Plan. Polk County's SIM/ Strategic Plan identifies five priority areas and an Action Plan containing objectives related to each of these areas. Below is a short

3.1 Expand supportive housing for the target population (adults with SAMH disorders)

√

- To learn about funding and support services funding

In

5.1 Research the literature on

✓

Visit the CINAHL database

✓

These criteria were arrived at by analyzing data collected during the assessment.

Polk County funds a variety of healthcare programs for the indigent population. The Helping HANDS program is one of seven programs funded under Polk County's Behavioral Health category of funding. These seven programs along with contributions required by state mandates combine for a total county allocation of \$1,000,000.

will

Roots Project goals are to:

1. assist target population in finding and accessing housing
2. assist target population in maintaining housing by facilitating access to all benefits for which they are eligible
3. assist target population by providing start-up costs associated with securing housing

A study of the *Priced Out* report, co-authored by the Technical Assistance Collaborative and the Consortium for Citizens with Disabilities, Inc., is available at [www.technicalassistance.org](#)

The data reported above demonstrates the need for rental assistance to assist the target population in accessing housing.

In the budget request we have included funds to help with incidental expenses. These expenses could include items such as replacement of identification and birth certificates or items related to housing such as basic furnishings. The methodology for arriving at the cost of rental housing and utilities in Polk was determined by using the HUD FY2018 Fair Market Rent Data and the Cost of Living Index.

Objective: Expand Helping Hands Diversion Program

Task

Key Activity/ Responsible Party

Establish legally binding agreements with all participating entities to establish programs and initiatives for the Target Population

1. Develop Contracts for Partners/BoCC
2. Develop Sub-contracts/CFBHN

Provide an information system to track individual during involvement with the Program for at least one year after discharge, including but not limited to , arrests, receipt of benefits, employment and stable housing

1. Identify the various systems involved in tracking/ PCSO, Corizon, BoCC & CFBHN
2. Train staff

SOAR is a national program designed to increase access to the disability income benefit programs administered by the Social Security Administration (SSA) for eligible adults who are experiencing or at risk of homelessness and have a serious mental illness, medical impairment, or physical disability.

The provision of Transitional Vouchers for housing is a consumer-directed system designed to assist individuals with serious mental illness, medical impairment, or physical disability who are experiencing or at risk of homelessness.

The **process for decision making** will be guided by monitoring program outcomes. Concerns will be discussed and addressed by coming to a consensus among stakeholders. If guidance is needed during implementation, project leaders will seek technical assistance from the USF Criminal Justice, Mental Health, and Substance Abuse Technical Assistance Center.

The screening of potential participants begins in jail during book-in where Court

For project participants that are homeless or at-risk, the Program Specialist will utilize the

Dear Chairman Dantzler,

NAMI Polk County supports the application of the Polk County Board of County Commissioner's Criminal Justice Mental Health and Substance Abuse Reinvestment Grant application for the Helping HANDS Jail Transition Program- Housing Component. The addition of a Benefits Specialist and Housing Specialist along with funds for six months of rent per client will greatly enhance the Helping HANDS jail transition program and will help meet one of the biggest needs inmates face when leaving jail.

The need for housing has been identified in several recent Polk County reports including the 2017 Polk County Sequential Intercent Mapping reports provided by the Polk County Sheriff's Office.

Transforming Services for Persons with Mental Illness and Co-occurring

Background

Objectives of the Sequential Intercept Mapping

The SIM has three primary objectives:

- Development of a comprehensive map of how people with SAMH disorders flow through five

-

-

Keys to Success

Existing Cross-Systems Partnerships

- ○ Intercept 1: Law Enforcement and Emergency Services,
- ○ Intercept 2: Initial Detention and First Appearance,
- ○ Intercept 3: Jails and Courts,
- ○ Intercept 4: Reentry and

- ○ Intercept 5: Community Corrections.

Identification of resources, gaps in services, and opportunities at each intercept for individuals (18+) with SAMH disorders involved in the criminal justice system (target population).

Development of priorities to improve the system and service level responses for individuals in

Consensus Development

The SIM included broad cross-systems representation and involved many key decision makers. Opening remarks by the Honorable Judge Robert Williams and Commissioner Albert "Bert" ...

[REDACTED]

accompanies law enforcement to the scene.

Initial Contact

In most instances, PCSO sends one officer in response to a call. IPD dispatches two officers, one

of which is Crisis Intervention Team (CIT) trained.

Upon arrival to the scene, the law enforcement officer must determine if the individual in crisis meets the standard for involuntary commitment in accordance with the Baker Act (Chapter 394, F.S.) or Marchman Act (Chapter 397, F.S.). This determination is often at the discretion of the officer.

When an officer takes an individual to a Baker Act receiving facility (Peace River Center CSU,

Winter Haven Hospital, Lakeland Regional Health), the "hand-off" takes approximately five minutes. At an emergency room, it takes approximately 30 minutes.

- If an individual does not meet the Baker Act or Marchman Act criteria, but meets the criteria for an arrest, law enforcement transports the individual to the Polk County Jail.

- Lakeland Police Department (LPD)

[REDACTED]

- Lake Hamilton Police Department (LHPD)
- Lake Wales Police Department (LWPD)
- Winter Haven Police Department (WHPD)

Crisis Intervention Team (CIT) Training

One hundred and eighty-seven (187) officers in the nine municipal police departments are CIT

[REDACTED]

trained.

- The PCSO, in conjunction with providers, trains all officers, in the jail and on the street, in the 40-hour CIT program

Peace River Center (PRC) Crisis Stabilization Unit (CSU) (Bartow)

[REDACTED]

Baker Acts (LE-52s); however, transfers from other receiving facilities will be suspended until emergency status has ended. Efforts to prevent the PRC CSU from exceeding

[REDACTED]

Treatment facility (which is located on the same campus) and evaluating/assessing individuals' need for continued involuntary status

[REDACTED]

Gaps

There is no secure addictions receiving facility (ARE) in Polk County

health disorders.

- There is a need for education in the community about the availability of a CIT officer and general community knowledge on CIT.
- There is no data collection regarding CIT diversions to treatment in lieu of jail. Nor is data collected to indicate if the individual in crisis has mental health issues.

Opportunities

The Palm Beach County Jail Department is currently in the process of reviewing the current jail population and identifying areas for improvement. This review is ongoing and will be completed by the end of the year.

Interim 2017 Budget Request - 2017-2018
The Department is requesting funding for the following items:

The Department is requesting funding for the following items:

- The new PRC CSU in Lakeland, opening in fall 2017, will provide an additional 20 beds (10 adult beds and 10 juvenile beds).

The central education system is currently in the process of reviewing the current jail population and identifying areas for improvement. This review is ongoing and will be completed by the end of the year.

First Appearance

The Department is currently in the process of reviewing the current jail population and identifying areas for improvement. This review is ongoing and will be completed by the end of the year.

- If the individual is on pretrial release, the judge reviews the PTS information packet to identify if there are mental health issues. If the individual is not on pretrial release, the judge observes the individual's behavior for signs of mental illness.
- When a defendant presents with a mental health issue, the bailiff notifies the judge, who will then hear the case immediately.
- Mental health service providers are not present at first appearance.

Gaps

- PTS officers may miss the opportunity to interview individuals at booking because individual's

- The judge does not receive Corizon screening information at first appearance.
- Mental health service providers are not available at first appearance.

Funding is no longer available to allow DDC personnel to visit the jail and meet with

In-Jail Medications

- Jail personnel link individuals with community pharmacies through a release of information.
- The jail will provide medication if the prescriptions are filled within 30 days.
- Individuals transferred to jail from a state hospital continue to receive the same medication initiated at the hospital.

• Medications for individuals admitted to jail from the community (not a state hospital) are

[REDACTED]

Specialty Courts

[REDACTED]

Jail Reentry/Discharge Planning

Intercept 4

Jail Alternatives for Substance Abuse (JASA) operated by TriCounty Human Services, Inc.

- JASA is a program focusing on males who have a substance use or co-occurring SAMH disorder.
- JASA is a formalized in-jail treatment program providing transition assistance to male inmates.
- Community providers, such as New Beginnings, serves clients post-release.
- There is a 12-week reentry preparation component to JASA.
- JASA makes referrals to community providers.

New Beginnings operated by TriCounty Human Services

[REDACTED]

Gap

- A substantial number of individuals with mental illness do not have transition or discharge plans.

Recommendation

- Prison works with individuals who are nearing discharge and who are on probation.

and primary care providers (with links to other specialty care and free clinics)

Gaps

Behavioral health assessment and treatment for individuals with mental health needs

Polk County Priority Areas

will

Top Priorities

1. Leadership and Implementation
2. Community Education
3. Supportive Housing
4. Central Receiving System
5. Evidence-Based Diversion Models

Polk County Action Plan

Action Planning Process

The stakeholders were enthusiastic participants in the development of the action plan. The stakeholders

<ul style="list-style-type: none"> o invite all mapping participants into the Collaborative Justice Committee o identify leaders and committee members o invite county probation to participate in planning o communicate with the Baker Act and Marchman Act Committee o examine the Veterans treatment Docket referrals o contact CFBHN o contact United Way, 211, CFBHN, and Heartland to discuss available resource list 	<p>Collaborative Justice Committee (sub-committee of the Public Safety Coordinating Council)</p> <p>Desiree Meaton-Francisco (10th Judicial Circuit)</p> <p>Cathy Hatch (Polk County BoCC)</p> <p>Central Florida Behavioral Health Network (CFBHN)</p>	<p>Next meeting- (Collaborative Justice Committee is meeting quarterly)</p> <p>Ongoing</p> <p>Resource list— ongoing</p>

		When
5.1	Research the literature on effective diversion models at each intercept	Collaborative Justice Committee Ongoing
5.2	Implement the Forensic Intensive Case Management Team (FICM)	<ul style="list-style-type: none"> Visit the CJMHSA TAC website—floridatac.org Before/at the first appearance hearing, identify misdemeanor or pending charges that have recently been found incompetent to proceed To obtain information on FACT/FICM teams and other team models To link FICM program with individuals diverted from jail

Recommendations

The two-day Sequential Intercept Mapping was an excellent example of community collaboration and a

focused approach to addressing the needs of this target population. To that end, we recommend
