User ID: P4516712

12-month Enrollment Overview

The 12-month Enrollment component collects unduplicated student enrollment counts and instructional activity data for an entire 12-month period. Using the instructional activity data reported, a full-time equivalent (FTE) student enrollment at the undergraduate and graduate level is estimated. Institutions with Doctor's - professional practice students will also report the FTE enrollment of those students. NCES uses the FTE enrollment to produce indicators such as expenses by function per FTE as reported in the IPEDS Data Feedback Report.

Data Reporting Reminder
- All institutions must use the July 1 - June 30 reporting period.

Undergraduate instructional activity data in Part B may be reported in units of clock hours or credit hours.

Which instructional activity units will you use to report <u>undergraduate</u> instructional activity?

Please note that any graduate level instructional activity must be reported in credit hours.

- ⭘ Clock hours
- ⦿ Credit hours
- ⭘ Both clock and credit hours (some undergraduate programs measured in clock hours and some measured in credit hours)

You may use the space below to provide context for the data you've reported above.

12-month Unduplicated Count by Race/Ethnicity and Gender

July 1, 2018 - June 30, 2019

Reporting Reminders:

•**Report Hispanic/Latino individuals of any race as Hispanic/Latino**

•**Report race for non-Hispanic/Latino individuals only**

 Even though Teacher Preparation certificate programs may require a Bachelor's degree for admission, they are

 considered subbaccalaureate undergraduate programs, and students in these programs are undergraduate students.

Graduate Student Reporting Reminder:
