

Overview

< i a Ub' FYgc i fWYg' C jYf jYk

Welcome to the IPEDS Human Resources (HR) survey component. The HR component collects important information about your institution's staff.

8UhU' FYdcfh]b['FY a]bXYfg

- Report each employee only once. If an employee could be coded in more than one occupation, code the employee in the occupation that requires the highest level of skill OR if there is no measurable difference in skill requirements, code the employee in the occupation in which they spend the most time.
- Report staff members difficult to categorize in the "Human Resources Survey Evaluation" box at the end of the survey.
- Enter data on each displayed screen. If a screen is not applicable, enter at least one zero in a field on the screen and save before continuing.
- When reporting salary data (applicable to degree-granting institutions only) include all full-time, non-medical school, instructional staff - both with and without faculty status.

See the instructions for the ?Ym' FYdcfh]b['7cbWYdhg section -- basic reporting concepts that will assist you in completing the Human Resources survey component.

FYgc i fWYg.

- To download the survey materials for this component: [Survey Materials](#)
- All staff must now be reported using the new IPEDS occupational categories, which align with the 2010 Standard Occupational Classification (SOC) codes. Additional information and resources can be found in the [IPEDS HR/SOC Information Center](#), including general information about the SOC, the IPEDS/SOC crosswalk, a SOC Browse Tool, frequently asked questions, and web tutorials.

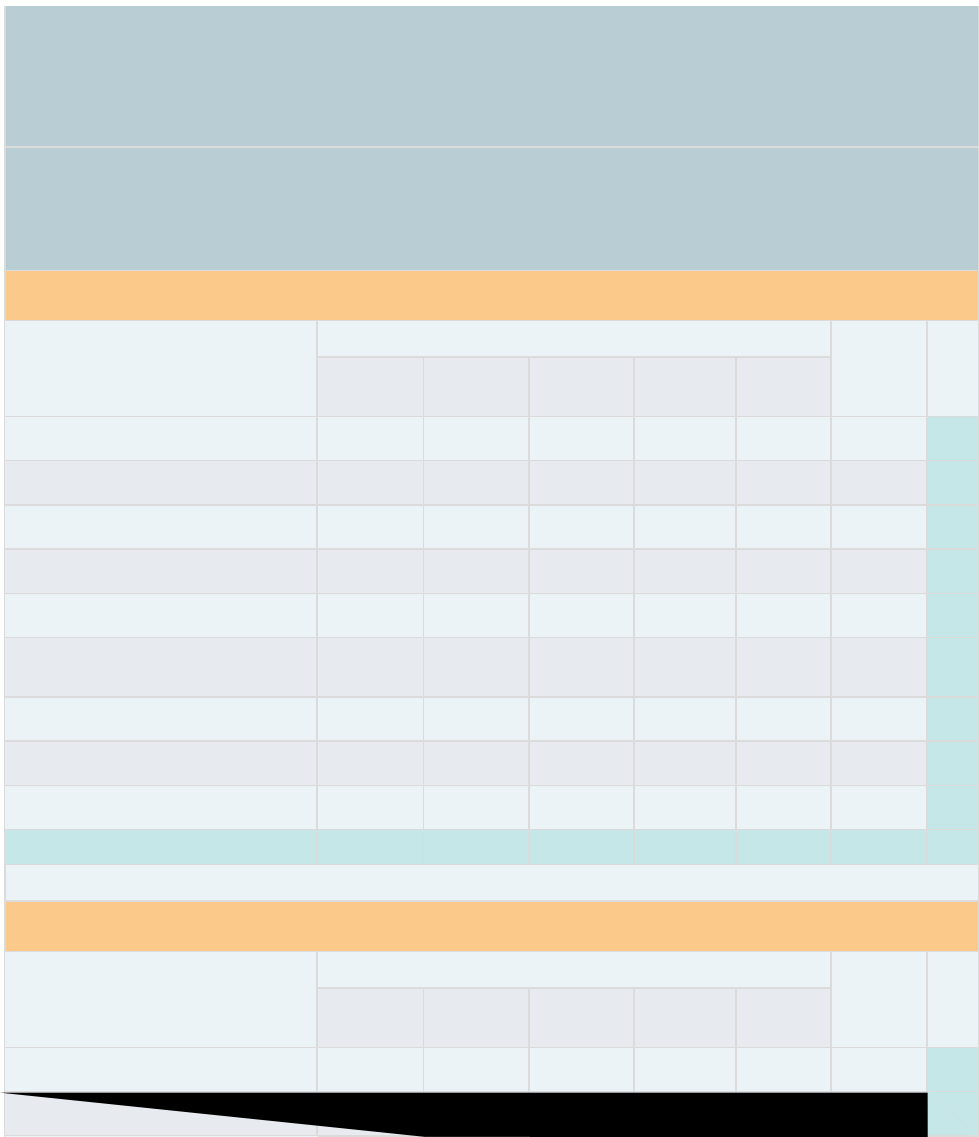

If you have questions about completing this survey, please contact the -D98G' <Y' d' 8Yg_ 'Uh' %! , ++!&&)!&) * , .

Instructor				33	33	297	\$2,002,134	\$6,741
Lecturer								
No academic rank								

NOTE: The above data are based on the Salary Outlays part of the IPEDS HR component. The Weighted average monthly salaries of full-time instructional staff by academic rank are calculated by adding the salary outlays reported for Men plus Women by academic rank, then dividing the sum by the "Total Number of Months" for Men plus Women by academic rank. Salaries of full-time instructional staff paid less than 9 months per year are not collected. Also, salaries of medical school staff are not collected. The weighted average monthly salaries may be included in the DFR.
