Contracts with venues are not to be signed until the event has been properly registered with CSI.

This Operating Procedure was developed with adoptions from the Fraternal Insurance Programming Group (FIPG), FRMT, Ltd., and other risk management best practices. *NOTE. Your (inter)national organizations may have policies that are different from the Social Event Operating Procedure. With this in mind, your chapter should remain compliant with whichever policy or operating procedure is more stringent unless otherwise stated. If you have questions regarding anything within this operating procedure, contact a professional staff member working with fraternity and sorority life within CSI.*
